

PRODUCT GUIDE · EVERY FEATURE, STEP BY STEP

Sarmaya Billing & Books

What's in this guide

PART	WHAT IT COVERS	STEPS
1. Getting started	Sign in, change the built-in password, put your shop on the bill, and give each person their own account.	9
2. Items and stock	The price list, new items, receiving goods, batches with expiry dates, godowns, stock corrections and barcode labels.	13
3. Customers	Who you sell to, their Customer ID, credit limit, special rates, salesman and area.	7
4. Making a bill	The main job of the app, from New Bill to the printed invoice or receipt.	10
5. After the bill	Finding bills, taking payments later, returns, delivery challans, quotations and approvals.	17
6. Money	Cash, bank, expenses, collections, cheques, the daily sheet and checking the bank statement.	20
7. Suppliers and purchasing	Ordering from suppliers, receiving against the order, their bill, claims, returns and payments.	14
8. Reports	Who owes and for how long, recovery, salesmen, profit, and the owner's view of the whole business.	12
9. Accounts	Proper double-entry books for the owner and the accountant, kept automatically from your daily work.	17
10. Admin and safety	Who did what, putting back deleted records, backups, branches and the full trading suite.	7
11. What staff see	The same app for a counter operator, with the owner-only parts hidden.	3
12. On a phone	The same screens at phone size, with a bar at the bottom. Install it from the browser to get an app icon.	12

Getting started

Sign in, change the built-in password, put your shop on the bill, and give each person their own account.

1 Sign in

Type your username and password and press Sign in. On a new computer or phone the owner signs in with username Admin and password 1234. Leave "Keep me signed in" ticked on the shop computer. Change the 1234 password straight away (step 3).

Commercial Entity & Invoicing

Appears on bill of lading, gate passes, and tax receipts.

Company name	ROHAIL ZAMAN TRADERS			Tagline	Oil & Ghee Dealers				
Address	Main Bazar, Batkhela, District Malakand			Phone	0341-0550055		Email (printed on bills)	rohailzaman@gmail.com	
Logo (printed on bills)	none Choose file No file chosen			NTN / STRN			Sales tax %	0	
Tax label	Sales Tax		App mode	Simple billing (bills, daily sheet, money)			Opening cash (Rs.)	150000	
Opening bank (Rs.)	800000		Counting from	13/06/2026		Monthly sales target (Rs.)	0		Save profile

5 Bill settings

Same page, the Bills & stock card. Choose the paper: A4, A5 or 80 mm thermal receipt. Type a footer for every bill, tick "Show previous balance on bill" if customers should see their old balance, and decide whether a bill may go through when stock is short.

Bills & stock

Paper size, footer text and stock rules for every bill.

PRINT BILLS AND RECEIPTS ON

A4 (full page) [v](#)

Thermal prints a narrow one-column receipt. In the print dialog pick the same paper.

FOOTER / TERMS ON BILLS

Goods once sold will not be taken back. Cheques subject to clearing.

[Save footer](#)

☒ **Show previous balance on bill**

Prints what the customer owed before this bill and the total balance with it.

☒ **Allow bills when stock is short**

Off: a bill that needs more than you have is refused. On: it saves with a warning and the stock goes below zero (shown in red).

6 Staff accounts

Admin → User Accounts & Auth. Every person has their own username and password, so the app knows who made each bill. Here Rashid is a manager and Zahid works the counter as an operator.

Administrator Control Center
Manage user authentication, granular access permissions, screen visibility, and security policies.

Admin Mode (Admin)

User Accounts & Auth 3 Roles & RBAC Matrix 6 Visibility & Masking Security Policies Audit Trail 4 Approvals

Search by name or username... All roles Add staff

9 Bill and document numbers

Admin → Rules, numbers & branches → Document numbers. Pick the prefix for bills, credit notes, quotations, receipts and orders. Tick "New series each year" to start again every year (RZT-2026-0001). Numbers never repeat, even after a delete.

10 | 20000 | 20000

☐ Bill over the credit limit
Instead of refusing, the bill goes to a manager (managers can still allow it on the spot).

☐ Deleting any bill
Staff can only ask to delete a bill; a manager approves the delete.

Save rules

Document numbers
Numbers run in order with no gaps and are never used again, even after a delete. Tick "New series each year" for numbers like INV-2026-0001. "Next no." can only move forward.

Bills (invoices): Saved. The next one will be RZT-2026-0001.

	PREFIX	DIGITS	NEXT NO.	
Bills (invoices) Next: RZT-2026-0001	RZT-	0	same	☒ New series each year Save
Customer returns (credit notes) Next: CN-1	CN-	0	same	☐ New series each year Save
Goods sent back (debit notes) Next: DN-1	DN-	0	same	☐ New series each year Save

49 Quotation to bill

The quotation is listed as Not sent. When the customer agrees, press Make bill.

50 The bill from the quotation

A new bill opens with the quotation's customer, items and prices. Check it and press Save. The quotation is marked Billed.

The screenshot shows the 'New Bill' form in the ROHAIL ZAMAN TRADERS application. The form is titled 'New Bill' and includes a subtitle 'From quotation QT-1 — check the items and prices, then save.' The form is divided into several sections: CUSTOMER, DATE, SALESMAN, AREA, ITEM, and DISCOUNT. The CUSTOMER section shows 'C-104 • Gul Traders • 0312-5556677 (due Rs. 76,365)'. The DATE section shows '21/09/2026'. The SALESMAN section shows 'Naveed' and the AREA section shows 'Dargai road'. The ITEM section shows a list of items with columns for ITEM, QTY, PRICE, and AMOUNT. The first item is 'TT15 • Tajji 15.7 kgs Tin — Rs. 6,300/ti' with a quantity of 10, a price of 6250, and an amount of Rs. 62,500. The DISCOUNT section shows a field for 'DISCOUNT (RS.)' with a value of 0. The form also includes a 'Subtotal' of Rs. 62,500 and a 'Total' of Rs. 62,500. At the bottom, there are buttons for 'Save' and 'Save & Print'.

51 Approval rules

Admin → Rules, numbers & branches. Set the limits: a discount above 10%, a supplier payment above Rs. 200,000, a stock loss above Rs. 20,000. Anyone who is not a manager must send these for approval. Leave a box empty to switch that rule off.

The screenshot shows the 'Administrator Control Center' interface. The left sidebar contains navigation options: DAILY WORK (Home, Owner dashboard, Bills, Daily Sheet), PEOPLE (Customers, Suppliers), STOCK (Items & Prices), MONEY (Money, Accounts), and ADMINISTRATION (Admin). The main content area is titled 'Administrator Control Center' and includes tabs for Visibility & Masking, Security Policies, Audit Trail, Approvals, Deleted records, and Rules, numbers & branches. The 'Approval rules' section is active, showing three rules: 'DISCOUNT ON A BILL ABOVE (%)' set to 10, 'PAYMENT TO A SUPPLIER ABOVE (RS.)' set to 200000, and 'STOCK LOSS ABOVE (RS. AT COST)' set to 20000. There are checkboxes for 'Bill over the credit limit' and 'Deleting any bill'. Below this is the 'Document numbers' section, which allows setting prefixes and digits for 'Bills (invoices)' and 'Customer returns (credit notes)'. The 'Bills (invoices)' section shows a prefix of 'INV-' and digits of '0'. The 'Customer returns (credit notes)' section shows a prefix of 'CN-' and digits of '0'. A 'Save rules' button is at the bottom right.

52 A bill that needs approval

Zahid (operator) gives a 15% discount. The bill says "Needs a manager's approval" and he can write a note for the manager.

The screenshot shows the 'New Bill' form. At the top, there is a warning message: 'Needs a manager's approval: Discount 15% (Rs. 7,842) is over the 10% limit. Saving sends the bill to Approvals. Nothing goes to the books or the stock until a manager approves it.' Below this, there is a text input field for a note: 'Old customer, paying cash on Friday'. The form includes fields for CUSTOMER (C-103 • Swat Ghee House • 0346-9876543), DATE (21/09/2026), SALESMAN (Naveed), and AREA (Mingora). It also shows a credit limit of Rs. 400,000 and a balance of Rs. 24,135. The item list shows 'DT15 • Dalda 15.7 kgs Tin' with a quantity of 8 and a price of Rs. 6,535. A discount of 15% is applied, resulting in a total of Rs. 44,438. The form has 'Save' and 'Save & Print' buttons at the bottom.

53 Sent for approval

Saving sends it to Approvals. Nothing goes to the stock or the books until a manager approves it.

New Bill

Pick the customer, add items, enter what was paid.

Sent for approval: Discount 15% (Rs. 7,842) is over the 10% limit. The bill is posted when a manager approves it.

84 Claims list

The claim waits until the supplier answers. Press Accepted (the amount comes off what you owe) or Rejected.

The screenshot shows the 'Suppliers' section of the ROHAIL ZAMAN TRADERS BILLING interface. The left sidebar contains navigation links for Home, Owner dashboard, Bills, Daily Sheet, Customers, Suppliers (selected), Items & Prices, Money, Accounts, and Admin. The main content area is titled 'Suppliers' and shows '3 suppliers • you owe Rs. 505,210'. It includes tabs for Return goods, How long owed, CSV, Add supplier, Suppliers, Orders (1), Stock received, Supplier bills, Claims (1) (selected), and Returns. Below these are filters for Pending, Open, Accepted, Settled, Rejected, and All. A 'New claim' button is also present. The main list shows a claim for 'Tajji Mill' with details: '21 Sept 2026 • 2 tin Tajji 15.7 kgs Tin leaked • GRN-2026-2Q4Y48'. The claim status is 'Open' with an amount of 'Rs. 11,700'. Action buttons for Accepted, Rejected, Print, and a trash icon are available.

85 Return goods to a supplier

Return goods: the supplier, item, quantity, rate and reason. Press Send back.

The screenshot shows the 'Return goods to supplier' form. It includes a title bar with a close button. The form fields are: SUPPLIER (Dalda Foods (you owe Rs. 242,300)), ITEM (Dalda 15.7 kgs Tin (64 tin)), QUANTITY (TIN) (2), RATE PER TIN (6100), REASON (Dented tins), and DATE (21/09/2026). A summary line states: 'Rs. 12,200 will be taken off what you owe Dalda Foods.' At the bottom are 'Cancel' and 'Send back' buttons.

86 Debit note

A debit note prints for the supplier. The stock goes out and what you owe comes down.

96 Commission

Commission: the big figure is what each salesman earned in these dates, at their % of sales (or recovery). The line under it is all time up to the To date: earned, paid, and what is still owed. Pay commission fills in the amount owed and records it as a Salesman commission expense.

Sales reports

What each salesman earned, and paying it.

Sales

Recovery list

Commission

FROM

TO

23/07/2026

21/09/2026

Rashid

2% of Rs. 556,425 sold in these dates.
All time up to 21 Sept 2026: earned Rs. 15,049.50 • paid Rs. 0 • **still owed Rs. 15,049.50**

Pay commission

Rs. 11,128.50

earned in these dates

Naveed

1.5% of Rs. 260,915 sold in these dates.
All time up to 21 Sept 2026: earned Rs. 4,109.77 • paid Rs. 0 • **still owed Rs. 4,109.77**

Pay commission

Rs. 3,913.73

earned in these dates

Commission on sales = bills they made (after discounts, before tax and freight) less goods returned. On recovery = cash, bank and cheques collected (bounced cheques taken off). Paying it books a "Salesman commission" expense.

🟢 Balanced ✓📄 CSV🖨 Print

ASSETS

1000 Cash in hand	165,420
1010 Bank	911,050
1100 Accounts receivable (customers)	432,890
1150 Cheques in hand	130,000
1200 Inventory (stock at cost)	981,110
Total assets	2,620,470
LIABILITIES	
2000 Accounts payable (suppliers)	340,010
2050 Cheques issued (not cleared)	125,000
Total liabilities	465,010
EQUITY	
3000 Owner's capital	200,000
3900 Opening balance equity	1,928,910

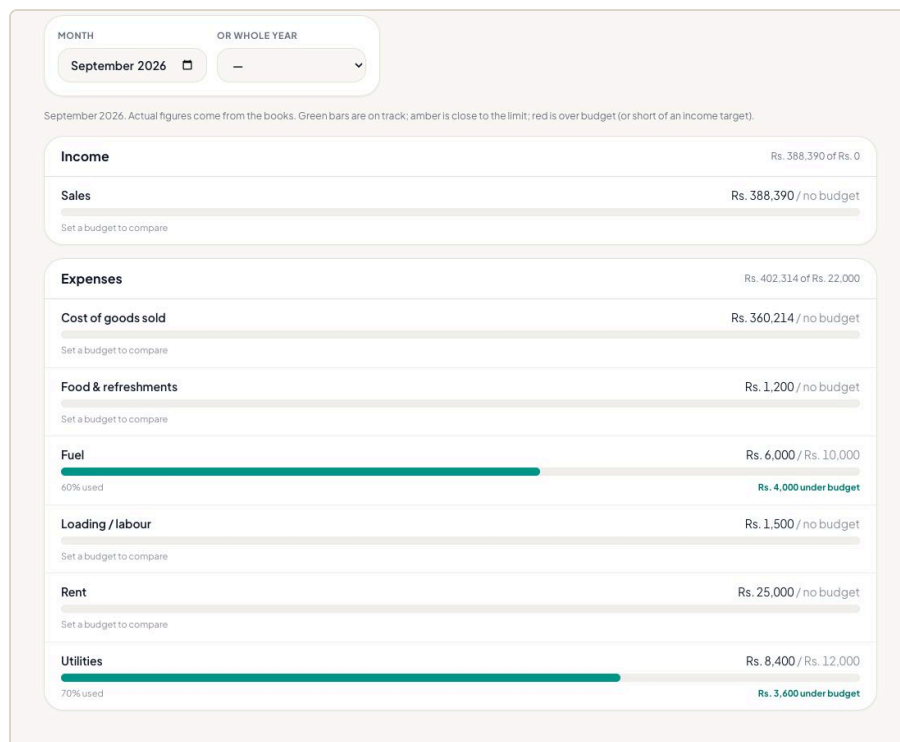

110 Cash flow & ratios

Where the cash came from and went, and a few health numbers such as the current ratio and gross margin.

111 Budget vs actual

Budgets: set a monthly figure for each expense (Set budget), then Budget vs actual shows how much is used. Green is on track, amber close, red over.

112 Cost centres

Cost centres: profit and loss by branch, area or vehicle. Tag an expense with the Shehzore truck and see what the truck costs.

The screenshot shows the 'Accounts' section of the ROHAIL ZAMAN TRADERS application. The left sidebar contains navigation options: DAILY WORK (Home, Owner dashboard, Bills, Daily Sheet), PEOPLE (Customers, Suppliers), STOCK (Items & Prices), MONEY (Money, Accounts), and ADMINISTRATION (Admin). The main content area is titled 'Accounts' and includes a 'New journal entry' button. Below this, there are tabs for various financial reports: Profit & Loss, Balance sheet, Profit by item, Cash flow & ratios, Fixed assets, Staff & salaries, Budgets, Cost centres (selected), and Year end. A sub-header reads: 'Double-entry books, posted automatically from your bills, payments and expenses.' Below this, a note states: 'Profit and loss by branch, area or vehicle. Tag bills, expenses and journal lines with a branch, area or vehicle to see which part of the business makes money. Untagged items show under "Not tagged".'

The 'Not tagged' section displays a summary table:

Not tagged		
INCOME	COST OF SALES	EXPENSES
Rs. 388,390	Rs. 360,214	Rs. 42,100
		- Rs. 13,924

Below the table, there is a 'By account' link. The 'Cost centres' section lists 'Shehzore truck' as a 'Vehicle' with an 'In use' status. At the bottom, there is a form to 'Add' a new cost centre with fields for 'NEW COST CENTRE' (e.g., Mardan branch) and 'KIND' (Branch / shop).

113 Add a fixed asset

Fixed assets → Add asset for things the shop keeps for years: the name, type, cost, date and useful life. It shows the monthly depreciation.

The 'Add fixed asset' form is used to register an asset owned by the shop. It includes the following fields:

- NAME:** Honda generator 5 kVA
- TYPE:** Generator / UPS
- COST (RS.):** 180000
- BOUGHT ON:** 21/09/2026
- PAID FROM:** Cash in hand
- DEPRECIATION:** Straight line (same every month)
- USEFUL LIFE (YEARS):** 5
- VALUE AT THE END (RS.):** 0
- COST CENTRE (OPTIONAL):** — None —
- NOTE (OPTIONAL):** (Empty text area)

A summary note at the bottom states: 'About Rs. 3,000 a month will be charged as depreciation (an expense), starting from the month it was bought.'

The form has 'Cancel' and 'Save asset' buttons at the bottom right.

114 Depreciation

Run for the month books the depreciation. It is never charged twice. Print register gives the asset list with book values.

All amounts in PKR (Rs.)

118 Year end

Year end: the financial year starts on 1 July. When the accountant has finished a year, check the list and press Close. The profit moves to the owner's side and that year is locked.

The screenshot shows the 'Accounts' section of the ROHAIL ZAMAN TRADERS software. The interface includes a sidebar with navigation options like 'Home', 'Owner dashboard', 'Bills', 'Daily Sheet', 'Customers', 'Suppliers', 'Items & Prices', 'Money', 'Accounts', and 'Admin'. The main content area is titled 'Accounts' and features a 'New journal entry' button. Below this, there are tabs for 'Profit & Loss', 'Balance sheet', 'Profit by item', 'Cash flow & ratios', 'Fixed assets', 'Staff & salaries', 'Budgets', 'Cost centres', and 'Year end'. A 'Financial year' section indicates the year starts on 1st of July. The 'Close the year' section provides a summary of the closing process, including the year (FY 2025-26) and the profit to be moved (Retained earnings). It lists three status checks: 'Trial balance at 30 Jun 2026 is balanced.', 'Profit for FY 2025-26: Rs. 8,050.', and 'A closing entry dated 30 Jun 2026 empties 3 income and expense accounts into retained earnings.' A 'Close FY 2025-26' button is at the bottom.

119 Close the year

The app asks once more before closing. An admin can reopen the last closed year if a correction is needed.

The screenshot shows a confirmation dialog box titled 'Close FY 2025-26?'. The message states: 'The profit is carried forward and nothing dated in this year can be added or changed afterwards.' There are two buttons at the bottom: 'Cancel' and 'Close the year'.

Admin and safety

Who did what, putting back deleted records, backups, branches and the full trading suite.

120 Audit trail

Admin → Audit Trail: who did what and when. Sign-ins, bills, payments, deletes with their reason, and setting changes.

The screenshot shows the 'Administrator Control Center' interface. The left sidebar contains navigation links for 'DAILY WORK' (Home, Owner dashboard, Bills, Daily Sheet), 'PEOPLE' (Customers, Suppliers), 'STOCK' (Items & Prices), 'MONEY' (Money, Accounts), and 'ADMINISTRATION' (Admin). The main content area is titled 'Administrator Control Center' and includes a search bar, filters for 'All Categories' and 'All Severities', and an 'Export CSV' button. The audit trail log shows several entries:

- INFO** | **DATA** | **Delete Reason** | **Admin**: Customer Rahim Store • 0311-2223344: Entered twice by mistake. 01:52:08 AM
- DANGER** | **SYSTEM** | **Customer Deleted** | **Admin**: Rahim Store (Rahim Store) removed with 0 booking(s), 0 dispatch(es), 0 ledger row(s). 01:52:08 AM
- INFO** | **AUTH** | **User Login** | **System**: Admin (@admin) signed in. 01:52:06 AM
- INFO** | **SYSTEM** | **System Security Armed**: Sarmaya initialized with username and password sign-in. 09:52:06 PM
- INFO** | **SYSTEM** | **Ledger Audit Verified**: Calculated and balanced customer receivables against delivered volume. 01:22:06 AM

121 Delete with a reason

Deleting always asks why. The reason is kept.

The screenshot shows a confirmation dialog titled 'Delete Rahim Store?'. It includes a warning icon and a close button. The text states: 'The customer, their bills and their payment history are removed.' Below this, a list shows: 'Owes Rs. 0' and '0 bill(s)'. A section labeled 'Why? (kept with the deleted copy)' contains a text input field with the value 'Entered twice by mistake'. At the bottom, there are two buttons: 'Cancel' and 'Delete customer'.

122 Deleted records

Admin → Deleted records keeps a copy of everything deleted, with who, when and why.

The screenshot shows the 'Administrator Control Center' interface. The left sidebar contains navigation links for 'DAILY WORK' (Home, Owner dashboard, Bills, Daily Sheet), 'PEOPLE' (Customers, Suppliers), 'STOCK' (Items & Prices), 'MONEY' (Money, Accounts), and 'ADMINISTRATION' (Admin). The main content area is titled 'Deleted records' and includes a search bar, a dropdown for 'All kinds', and a list of deleted records. A red box highlights the 'Restore' button next to a record for 'Customer Rahim Store'.

Restore

123 Put it back

Press Restore and the customer is back, as it was. Customers, suppliers, items, expenses and cash entries can be put back.

The screenshot shows the 'Administrator Control Center' interface after the restoration process. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Deleted records' and includes a search bar, a dropdown for 'All kinds', and a list of deleted records. A red box highlights the message 'Rahim Store is back. Their balance starts at Rs. 0 (old bills and payments were removed with them).'

Problems and answers

PROBLEM	WHAT TO DO
First time on a new computer or phone	Sign in with username Admin and password 1234, then change the password at once: your name (top right) → My account & password.
Forgot the password	Ask the owner or another admin: Admin → User Accounts, the key button on your row sets a temporary password. You choose a new one when you next sign in.
"Username or password is incorrect"	Check Caps Lock and spelling. After 5 wrong tries the account is locked for 15 minutes.
A bill won't save	The red or amber message in the bill says why: no item with a quantity, a zero total, a future date, not enough stock (it names the godown or the expired batch), or over the customer's credit limit.
"Over the credit limit"	Take more payment now, or ask a manager to tick "Allow over limit" and write a reason.
The bill says "Needs a manager's approval"	The discount is more than the approval rules allow. Save it anyway: it waits in Approvals and nothing goes to the stock or the books until a manager approves it. Or lower the discount.
A customer's cheque bounced	Money → Cheques, find it, press Bounced. Write why, and any bank charge and who pays it. The amount goes back on the customer's account.
Can't deposit a cheque	It is post-dated. The Deposit button opens on the date written on the cheque.
"The books are closed up to..."	The year was closed in Accounts → Year end. Use a later date, or ask an admin to reopen that year.
Closing cash doesn't match the drawer	Check today's expenses have the right "Paid from", and that bank deposits went through Cash ↔ Bank, not as an expense.
Stock shows a minus figure	More was billed than was received. Receive the stock, or correct it with Adjust stock and a reason.
Bank reconciliation won't say Reconciled	Add the lines "Not in your books", tick cheques that have now cleared, and type the closing balance exactly as on the statement.
Deleted something by mistake	Admin → Deleted records → Restore (customers, suppliers, items, expenses and cash entries).
Bills on the counter PC aren't on the phone	Bottom left must say Cloud sync live on both. If it says Local only, ask whoever set up the app to check the cloud connection.
Printout looks cut off	In the print dialog choose the same paper as in Bill settings (A4, A5 or 80 mm), default margins, and untick headers and footers.

Sarmaya · github.com/BilalKmand/TradeFlow · the technical setup and function reference is in [Sarmaya-Guide.pdf](#) and [docs/GUIDE.md](#).
